

Letter to Obama

Dear President Obama,

I just sent \$70 to move on for candidates.

Heck! President Obama, you are fighting for the control of the house and senate. I have written several times and requested a reply but got none. I am fighting for auto workers everywhere and Saturday we are marching on Solidarity House! The Union is running roughshod over members and charges WILL be brought! We will have an original sit-downer with us who is ANGRY that all he fought for is being given away! The International has DICTATED a contract to Lake Orion members with no opportunity to vote!

Mr. President, the MEMBERS of UAW are the HIGHEST authority in the Union. We will not stand for this anymore. In Indiana, where I live, Local 23 was being manhandled by the International and illegally forced a vote on members after they had already told the International NO! We brought charges there to the NLRB and the charges were dismissed!!!! Very blatant violations of the UAW Constitution, the local by-laws, AND the LMRDA!

We won there, finally! And now Lake Orion, Michigan workers have been attacked by the Union AGAIN! You are fighting for control of the house and senate which I worked so hard to give you last time and you squandered it by not having the balls to stand up to the Republicans and get it done!

Yes, I know you have accomplished much and I do acknowledge that, but by God it could have been a whole lot better!

So now, as you fight for the house and senate, which of course I will be voting Democrat and urging all first time voters I got signed up last election to do the same, I will be fighting for my, and all UAW workers', very livelihoods. And I am going to be fighting just as hard for this as I fought for you. With things going as they are, I don't have time to fight for you right now because American workers are under attack! That is ME! And YOU are letting it happen!

So ignore this one too. : (

Respectfully,
Theresa Barber
