

600 Alert

On this temporary web site <http://home.igc.org/~600alert/> are texts of UAW International Convention delegate resolution proposals named in the UAW Local 600 election literature put out by Judy Wraight and Ron Lare in April 2010.

You will also find other resolutions and the election campaign literature itself.

As time permits we will add some past "Vote No" leaflets regarding contract campaigns referred to in the leaflet.
