Subject: **Direct Action Request**

Sisters and Brothers of the UAW:

A motion has been set forth in a social media venue suggesting a "small" national get together to demand a stop to Plant closings!

Closing more plants contradicts everything the UAW is supposed to stand for.

It is a major contradiction of what the President of the United States says he stands for.

You don't create jobs in America by outsourcing the jobs we have left.

UNION people need to stand up on this simple fact and fight for what we still have. The International UAW is currently "discussing" our collective futures, with no known mention as to alternatives to current planned and future assembly plant closures (Mondragon and Co-ops).

Under current discussion is an "event" close to KCAP, to build Solidarity, network with each other and discuss sound alternatives. We need to know the viability of such an event.

Please fill out the attached ballot and return to:

Teri Norris @ tbowrs02@yahoo.com by September 3rd so we may further discuss our options. In Solidarity.

Would you be willing to travel for such an event?

_____ yes _____ no

Would you be willing to help get the word out within your local?

_____ yes _____ no

Please provide contact information along with your local affiliate

In Solidarity !
