

# Hourly Retirees Organizing Protest - July 2012

June 9, 2012

David Fillion at [dfillion2010@hotmail.com](mailto:dfillion2010@hotmail.com)

We are organizing a protest at solidarity house over the next few weeks to spotlight attention to the secrecy and undemocratic structure of the IUAW leadership that has cut active and retirees members voice and vote on issues that greatly impact their lives while leaving out any discussion pro or con from the members themselves. So please consider joining with us in Detroit, in July to make our voices heard. Those wishing to participate please contact David Fillion by message or email A.S.A.P. We will try to find local lodging in the homes of local supporters and car pooling to lessen the financial burden of those participating. Get back soon, we have one supporters home that is already filled up. Place your interest in participating in the comments section as well.
