Dear folks,

I have some difficult news. Jerry Tucker has been diagnosed with pancreatic cancer. His doctor says it's the good kind, not the bad kind – I'm not sure what this means except it is possible it has not spread yet. Surgery is a possibility but for now he is going to go through chemo and radiation.

As we all know, he's a fighter and his spirits are good. You can send cards to:
940 Oak Knoll Manor,
Webster Groves, MO.
63119

and his email is:
jtuckernd@sbcglobal.net

Wendy
