

We Started Something Special, Now Let's Finish It!

By voting NO on concessions, we, the UAW membership, took control of OUR UNION in a way not seen in generations. Many, including our International leadership, the news media, and anti-union forces, saw our vote as greedy and anti-business. I saw it as historic!

We always talk about having a UAW that works for us. Now is the time to create that UAW.

The only way to make the changes necessary to give the UAW back to the membership is to elect delegates to the Constitutional Convention that have the guts to vote for what the membership wants.

- Strong leadership that will use every available tool to FIGHT for the membership, not give unnecessary concessions.
- Vote to change the Constitution to allow individual members the right to vote for International officers (Referendum Vote).

**GET RID OF DELEGATES VOTING
FOR THE ADMINISTRATIVE CAUCUS
BECAUSE THEY WANT TO GET APPOINTED!**

I have been fighting our International-loving Chairman since his election. He turned on this membership like no other by asking us to accept concessions at a time of profitability.

**I WILL vote for 1-member, 1-vote
and vote to give the UAW back to the membership
Elect JEFF BROWN Convention Delegate**
