Subject: Grievance Mediation

Mediation is the primary dispute resolution technique used by governments to help union and management officials bridge their differences. We are please to announce Ms. Alberta Jordan-Rigsby from the U.S. Federal Mediation and Conciliation Service. She will be joining us this Saturday to discuss how mediator works and how to use meditative techniques can help leaders and activists become more effective representatives.

The attached flyer details the upcoming grievance mediation workshop. Both new and old union representatives will find something for them in this class. Please share the flyer with anyone who might be interested.

Thanks.
